

Will the broadcast flag interfere with consumers ability to make copies of DTV content for their personal use, either on personal video recorders or removable media?

What steps will be taken to prevent interference with my ability to make copies for my personal use?

Would the broadcast flag requirement limit consumers ability to use their existing electronic equipment (equipment not built to look for the flag) or make it difficult to use older components with new equipment that is compliant with the broadcast flag standard?

What steps will be taken to prevent interference with my ability to make copies for my personal use?
